Remarkable Cure of Scrofula, &c. CASE OF COL. J. C. BRANSON.

KINGSTON, GA., September 15, 1871.

GENTS:—For sixteen years I have been a great sufferer from Scrofula in its most distressing forms. I have been confined to my room and bed for fifteen years with scrofulous ulcerations. The most approved remedies for such cases had been used, and the most eminent physicians consuited, without any decided benefit. Thus prostrated, distressed, desponding, I was advised by Dr. Ayer, of Floyd County, Ga., to commence the use of your Compound Extract Stillingia. Language is as insufficient to describe the relief I obtained from the use of the Stillingia as it is to convey an adequate idea of the intensity of my suffering before using your medicine; sufficient to say, I abandoned all other remedies and continued the use of your Extract of Stillingia, until I can say truly "I am cured of all pain," of all disease, with nothing to obstruct the active pursuit of my profession. More than eight months have clapsed since this remarkable cure, without any return of the disease.

For the truth of the above statement, I refer to any gentleman in Bartow County, Ga., and to the membe so of the bar of Cherokee Circuit. KINGSTON, GA., September 15, 1871. to any gentleman in Bartow County, Ga., and to the members of the bar of Cherokee Circuit, who are acquainted with me. I shall ever remain, with the deepest grafitude, Your obedient servant, J. C. BRANSON, Atty, at Law.

A MIRACLE.

West Point, Ga., Sept. 16, 1870.
Gents:—My daughter was taken on the 25th day of June, 1863, with what was supposed to be Acute Rheumatism, and was treated for the same with no success. In March, following, pleces of bone legab to work out of the right arm, and continued to appear till all the bone from the elbow to the shoulder joint came out. Many pieces of bone came out of right foot and leg. The case was then pronounced one of White Swelling. After having been confined about six years to her bed, and the case considered hopeless, I was induced to try Dr. Pembertons's Compound Extract of Sillingia, and was so well satisfied with its effects that I have continued the use of it until the present.

My daughter was confined to her bed about six years before she sat up or even turned over without help. She now sits up all day, and sews most of her time—has walked across the room. Her general health is now good, and I believe she will, as her limbs gain strength walk well. I attribute her recovery, with the blessing of God, to the use of your invaluable medicine.

With gratifude, I am, yours truly. A MIRACLE.

with gratitude, I am, yours truly,
